

aicosoft - Artificial intelligence computer software for Medicine

For our team in Munich, we are looking to recruit a Biologist / Computer scientist / Biochemist / Biotechnologist as

Senior Project Manager (f/m) - AI/Medicine

If a complex and dynamic project landscape is exactly what you are looking for as your next career challenge, grasp this opportunity and help us create a medical revolution.

Your responsibilities:

- Planning, managing and monitoring complex projects and sub-projects including cooperation projects and sub-projects
- Coordinating and managing interdisciplinary, research, clinical and regulatory production teams at various project levels
- Defining and adhering to deadline- and budget-/cost-related project goals
- Ongoing quality management and optimization of project contents and structures
- Preparing project schedules and the associated capacity planning, and always keeping these up to date
- Acting as the central interface and counterpart for both internal and external project managers and therapeutic/business area management

Your qualifications:

- (Master's) Degree in Informatics, Biology, Biotechnology or an equivalent qualification
- A minimum of 5 years` experience in managing complex projects and project structures at a pharmaceutical, biotech or medical company, preferably in the production sector
- Basic understanding of regulatory requirements for clinical trials (early phase and, ideally, also late phase)
- A talent for organizing and a very hands-on approach
- Assertiveness and excellent communication skills at various levels
- Excellent command of (spoken and written) German and English
- Ability to systematically perform activities in a timely and accurate manner
- A committed team leader who is able to cope with pressure

We offer you a challenging and varied opportunity with an innovative and dynamic company. With much passion and sense of responsibility, we work together on the medical revolution.

Design your future with us – become part of the aicosoft *people*!

We look forward to receiving your application via our jobs@aicosoft.de
